

Ali Cem Yılmaz

Developer · Junior NOC Operator, OLFE Data Center

alicemyilmaz432155@gmail.com github.com/Ali-CeW linkedin.com/in/ali-cem-yilmaz alicemyilmaz.tech İZMİR, TR

SUMMARY

A developer who kept wondering what sits underneath the apps he builds. The curiosity didn't stop at one layer — each time, it went one floor deeper.

EXPERIENCE

Junior NOC Operator OLFE Data Center · NOW

A NOC — Network Operations Center — is where a data center's network and systems are monitored.

Freelance web work FREELANCE

- **Corporate website** — A multilingual site for a law firm in İzmir. Design and development.
- **Digital menu and website** — For a coffee shop.
- **Çizgiy — e-commerce** — For a T-shirt brand. Design and development.

PROJECTS

CeDak Mobile app · Live on Google Play

A focus app that does more than keep time. Solo developer — the mobile app, the Firebase back end and the Google Play release.

React Native · Expo · TypeScript · Firebase Authentication · Cloud Firestore · Cloud Functions · OneSignal · NativeWind

Kafella Mobile app · Live on Google Play

Turkish coffee fortune-telling, in an app. 4 cup photos → AI → a personal reading.

TeknoECG TEKNOFEST · AI in Healthcare

A CNN that reads 12-lead ECG signals and sorts them into three classes. Data preprocessing, model architecture and training — end to end, on my own.

Python · CNN · Deep learning

SnapMacro App

Snap your plate, get a calorie estimate.

EDUCATION

Vocational and technical high school, IT track — graduated

TECHNICAL

APPLICATION

React, React Native, Next.js, TypeScript, JavaScript, Tailwind CSS

API

Node.js, Express.js, REST

DATA

PostgreSQL, MongoDB, Firebase, Supabase

SERVER

Linux, Docker, Git

NETWORK

Cisco technologies, Networking fundamentals, Wireshark

AI

Python, CNN, Deep learning

WORKING ON NOW

- Networking and Cisco
- Linux
- Reading packets
- The data center

INTERESTS

Software, networking, infrastructure, cybersecurity, AI

STATUS

Open to new projects — including freelance web and mobile work.
